## Maths—Statistics

This half term, we will be finishing our decimals unit.

The children will then be learning about money, time, shape and statistics!

## Science - States of Matter

This unit will ensure the children understand the basics behind states of matter, including how a liquid can turn into a solid or a gas, and how the molecules change. The unit also puts this theory into practice by looking at how evaporation and condensation work, and how it is presented through the water cycle.

## Year 4 routine

PE—Monday and Thursday

Weekly spelling test: Wednesday

Homework—Monday

## English

Next half term, we will be basing our English lessons on 'Jack and the Baked Beanstalk' and 'How to raid an Anglo-Saxon settlement'. We are excited to share what we have planned with the class, and believe that they will pair really well with some of our experience lessons (and our school trip!)

## Things to remember!

To bring in a piece of fruit for morning snack if needed and a bottle of water

To have your reading diary and book in school everyday

## Computing - Repetition in Games

Children will design, write, and debug programs that accomplish specific goals, including controlling or simulating

## PE—Tennis and Athletics

This half term, Oak and Pine will be practicing their tennis skills. We will be using Harlow tennis club on a Thursday to practice are skills. Oak and Pine will also need their PE kits in school on a Monday.

## RE

This half term in RE, we will be looking at the concept of sacrifice and what that means to different people.

## Topic - Does our past shape our future?

The children will be continuing to explore what it was like in the Anglo-Saxon era. We will be focusing on the invasion and settlement of England, and the children will learn how this important group of settlers fits into the chronology of Britain and the ways in which they helped to shape the way in which we live today!

## PSHE—Resilience

This half term we will be promoting resilience to the children. We will teaching that our inner resilience helps us to bounce back and keep trying.

physical systems and solving problems by decomposing them into smaller parts.
