

Snow Day Activities

Here are some good ideas for keeping busy if the school is closed due to snow.

Indoors

- Collect snow in a bowl to create a small world for toy animals/people (it could be a Frozen world for Elsa and Anna!).
- Practice scissor skills by making a paper snowflake.
- Draw snowmen using shapes.
- Write words to describe the snow and try to write sentences too.

Outdoors

- Make patterns in the snow or write your name using a twig.
- Create a picture using leaves, twigs, pinecones, and stones.
- Take toys outside to explore in the snow (small diggers and tractors, Mr Potato head, dinosaurs, animals).
- Go on a listening walk to explore what sounds you can hear. Can you describe the sounds?
