

Year 1 Autumn News!

Year 1 routine

Swimming - Monday am

PE - Tuesday pm

Spellings tested - Monday

Welcome back!!

We hope you have all had an amazing summer and are all set for a fun, active and hard working start to the year. The year 1 team has changed a lot this year but all the staff are excited for all the amazing things we have planned for you.

So lets get our superhero power to the ready, our roaring voices warmed up and our pumpkin carving at its best!!

Dates for your diary -

5th September - School starts

6th September - Individual photos

W/B 10th October - Parent consultations

13th October - Flu spray

19th October - Maths day

21st October - Last day of Half

Maths - Place Value

In this unit we will be focussing on number. We will counting to and across from 100. We will also be counting in 2's, 5's and 10's.

The children will also be identifying one more and one less than a given number and reading and writing numbers from 1 - 20 in numerals and words.

Science - Animals Including Humans - About Me

In this unit, children will begin their journey of learning about themselves and their bodies. The unit begins with a focus on our senses and the basic parts of the human body. As we journey through the unit, learners will discover the changes our body makes as we grow and also how humans can mimic nature.

Things to remember!

To bring book bags into school everyday.

Free fruit is available for snack - although children are more than welcome to bring in their own fruit from home.

Computing - Technology around us

In this unit, the children will develop their understanding of technology and how it can help us. They will start to become familiar with the different components of a computer by developing their keyboard and mouse skills.

PE - Rugby and Football

During PE we will be teaching the children to master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and beginning to apply these in a range of activities. They will also be participating in team games and developing simple tactics for attacking and defending.

Dinosaurs, Superheros and Pumpkins

During this half term, we will be doing some mini-experiences with the children. We will be spending approximately 2-3 weeks on each unit and have lots of fun, engaging and practical activities planned. From going on a dinosaur hunt to cooking up our own pumpkin soup, it promises to create memories and promote a love of learning and discovery.

English - Supertato and The Little Green Dinosaur

We will be completing lots of work on these texts this half term. We will be learning about the story structure and designing our own characters, before writing our own stories.

We will be making up our own actions to help us to remember the story and be performing for each other.

The children will be encouraged to remember to use capital letters and full stops and to start sentences in different ways.

PSHE - Respectful Mouse

We will be learning all about the different ways respect can be seen, felt or heard in different settings and groups of people.
